Fiona is struck by the talent of the owner of the hall who used unique ways to make this place attractive and appealing. There is no way that people would just walk by this hall and not notice its prosperity.</p>	gr

Dear readers of this message,

I am writing to you from ~~the past~~ ²⁰²² in order to tell what's ~~is~~ going ~~on~~ ^{now} on ~~the planet~~. I hope my message will be informative. ~~excuse~~

First ~~of all~~, I'd ~~would~~ love to start with the device that is considered very important at my present ~~time~~ ~~device~~ - a smartphone. I do not know whether it's still used ~~in~~ in the future, or ~~maybe~~ it's somehow transformed. In any case, we use it everyday as it combines a watch, a camera, a book, ~~and a lot of other things~~. Such object can be easily transported as it's small and light.

The second thing is a car. I guess in the future cars will already fly and replace planes. But for now we use them to go to work or ~~to~~ to other cities since they aren't very far. The car can also be used to transport furniture or bags with clothes when we move. ~~transport~~

And the last object is a plane. For us planes provide ~~an~~ ^{an} opportunity to travel around the world. I suggest that in your future it takes much less time to fly from one country to another. But now the duration of a flight can be up to 12 hours or more. Nevertheless, it's ~~more~~ more ~~comfortable~~ ^{convenient} than a ship.

Thank you ~~for~~ ^{convenient} reading this. I'm sure your life is filled with much ~~more~~ cooler technologies, but I hope my story was ~~an~~ interesting.

Bye

Nastya
