ww Hello, my future comrades! I'm delighted to be taking part in such an intriguing opportunity. I'd like to start my message with introducing myself. So, my name is Anna and I'm 18. Also I'd like to add some additional information about our present world. ~~to~~ to be honest our history isn't that ideal: there are good and bad things about humanity and ~~it's~~ it's way of leaving BUT! I would be happy to announce the positive sides of our development.

ww The first ~~one~~ comes the phone. It gives you so many opportunities and makes your life so much easier.

writing Besides, it's the guarantee of your safety. Speaking about safety: another significant object we possess is a car. It takes you just somewhat 15 minutes and you are already at your destination, arrived with comfort. And the last but not the least: a fridge.

90 If it weren't for the fridge we would lose so many much food. The variety of dishes would be less and the taste would be not as good ~~also~~ ~~but~~ and most important: we would not be able to keep food for a long time.

W.M. To sum up, I would say that modern technologies are so important, that's why I hope in the future people will continue to improve in many ways and succeed in achieving their goals.
