5	This is a very interesting topic, because everyone has their own opinion. I personally think that the teenage stage is the best. During this stage you already start to make different choices by yourself, but still usually live with your parents_ and they help you, cook for you. Isn't it the best thing on ^{the} Earth? But I am convinced ^{sure} that every stage is great and unique! <i>87 слов</i>

4,5	20 During the pandemic the spread of a discussion of the health inequality was really fast. There were a lot of misinformation and disturbing statistics, for example, about black people. One of the large problems was raising the NHS failings. It really needs reform, so that it will work fine and will truly be national.
