After an exam, he becomes the treble soloist and he is transported into another world. However, the reader doesn't know what will happen with the boy in the future. Maybe he will become a famous singer. 0,5</p>

Dear reader of the future!

I'm really glad that you are reading my message. I'm going to describe the most interesting events that have recently happened in my world.

To be honest, nowadays there are so many important! However, I think the COVID-19 pandemic is the most significant of all. This disease started spreading in 2020 and even today many people are suffering and dying from it. This virus is like pneumonia, but it is much more serious and in ~~many~~ very many cases fatal.

But thanks to scientists we have found some very good vaccines, so I hope you don't have the same disease in the future.

One more important event, I think, is the Olympic Games. Despite the fact that Russian ~~athletes~~ athletes were under pressure, they showed their strength, courage, stamina and won a variety of medals.

Finally, an event which I personally find interesting is the continuation of a wonderful show called "Lednikovyy period". It is a TV show and it is a great program about figure skating, where a professional skater performs together with an amateur. The performance of Tatiana Volosozar and Fedor Fedotov is really something! It's a must-see!

Thank you so much for reading this letter! I sincerely hope your world is peaceful and the events I have described will help you to become better.
