| 5 | <p>Every person's life is very valuable, so we should enjoy every second of it, though every person have a stage in their life, which they can call terrible. As for me, I think years that children spend at school are the worst, as they always have to follow the rules and agree with every adult's opinion and this discourages originality and creativity. Also, many children get bullied at school, consequently, it might cause them having some mental or health issues, that can destroy their future life.</p> |

| 20 | <p>All parents promise to support and help their children when they become young adults. <u>Though</u> some children are parented by state, <u>so</u> they have to face a lot of problems and obstacles. <u>Once</u> they turn 16 they live with their foster family, which might be loving and caring or an absolute opposite. Welsh government decided to <u>make trial universal basic income</u>, and if it works, it will open a broader debate about the future of welfare.</p> <p style="text-align: right;">Sense?<br/>lev.<br/>(4)<br/>Bonyapenko</p> |
