4	4	3	3	1	2

5	A bad boss always threatens to fire people. All the employees are afraid of him. While a group of people are working on the whole project, the a bad boss steals all the recognition, ideas of the other employees. He the always keeps others' mouths shut due to his powerful position. And when this fact comes to light, he starts seeing red.

16	1) F. Switzerland gets most of its energy from nuclear and hydroelectric sources. 2) T. These installations would help households move move away from burning food for cooking. 3) F. The rich are the cause of the carbon dioxide emissions warming the world. 4) T. Japan and Sweden said they will pursue the same kinds of deals. 5) T. Investing in old technologies such as coal and fossil fuels does not make any sense. A more climate-friendly future is ahead.
17	1) It would pay other countries to cut their gases and use the cuts to reach its agreed-upon goals. 2) At the United Nations climate conference it has been discussed an issue whether this payment of rich nations is fair. 3) It is useful for rich countries to give money for poor ones because it is in the best interests of all countries to reduce emissions, also a rich nation could give money to a poor country and not work on its emissions. 4) The 2015 Paris Agreement said countries could cooperate in reducing their greenhouse emissions. 5) They face criticism for failing to pay poorer nations to better adapt to warming temperatures.
