20	Letting go of the past. It is obvious that Nancy has been going through a traumatizing experience of detaching from a person or a certain situation. Gradually, she manages to focus on herself and invest her time in self-healing and becoming more mature, getting closer to the best version of herself. The moment she lets go of the past completely, she is free.

Dear Organizing Committee of the ^{event} contest!
For "The Best Mentor of the Year" contest I am
glad to present someone I consider to be my
mentor.

Ever since I was a kid, my father had a
plenty of friends visiting us weekly and showering
me with presents. However, there was a man
who brought me wise words instead. When I had
issues with learning foreign languages, he inspired
me. He said that consistency is a thing that
moves you further in life. Thus, I took my studies
seriously and managed to master several
languages in a couple of years. Unfortunately,
that friend of my father rarely visits us now, but
he always provides us with help and congratulates
on achievements. ~~The thing about him~~ There is one
personality trait of him that I managed to adopt
and it is a sincere passion for self-improvement
and working. He is an extraordinarily motivated
individual that I look up to. His name is Alexey
Sobyenin. This man also taught my father
to help ~~the~~ people and try his hardest
to improve lives of the citizens of our
city.

I sincerely hope you will empathize with the
impact of my mentor on my life. Thanks for
reading, I am looking forward to your feedback.

A large, empty, wavy-lined area for writing, resembling a stylized 'S' or a series of connected loops, spanning most of the page below the header. The lines are horizontal and evenly spaced, typical of a notebook or form. The wavy line starts near the top right, curves down and left, then up and right, then down and left, and finally up and right, creating a large, open space for text.
