Dear Organizing Committee,

I am writing this letter in order to tell you about my favorite teacher – Olga Nikolayevna Orlova. Even though she had taught me for only a half of year, her on my life is immeasurable. When I started studying at her class I was an average student but she realise myself and saw my true potential and helped made me realise myself. Her manner of teaching is unique – her explanations can be understood even by a toddler and if you mistake she jokingly bullies you. When I experienced this for the first time I felt offended, but soon I got used to it and it started motivating it has started encouraging me to become a better student and push my limits. Now I am the best student in my class and I am convinced that it is because of Mrs Orlova's understanding of children and ability to motivate even lazy students like me.

Moreover, there is a story I can tell you about Mrs Orlova's connection with her students. One day the lead teacher of my class told her about my classmate being caught smoking. Not only did not did it Olga Nikolayevna shout at him and insult him, but also she used that situation as a joke topic and encouraged him giving up smoking and studying better. as other teachers would do did

I hope that my letter was useful and you will consider nominating Mrs Orlova for "The best teacher of the year" award. I am grateful to you for reading and Thank you for reading and if you have some questions about Olga Nikolayevna do not hesitate to write me in respon contact me.

Sincerely,

Roman Oganesyan.
