ТЕСТ. БЛОК 2.

9 класс

Вариант № 1

16	<p>1. T Justification: The Extremely Large Telescope (ELT) currently under <del>construction</del> construction in Chile's Atacama Desert will be by far the most capable such instrument ever built — quite possibly the most ambitious telescope that will ever grace the surface of <del>the</del> the Earth. 2. T the countries of Europe have a singular gift 3. F this sort of <del>big science is not everything.</del> 4. T not part of the EU institutions 5. F</p>
17	<p><del>F T 1. It's a very big telescope now located in Chile's Atacama Desert but when it comes to the creation of great instruments of knowledge the countries of Europe have a singular gift, one that comes from peeling the ambitions of its scientists over generations.</del> 2. It is viewed as old and timid 3. The significance of the laboratory is that it spoke to Europe's past cultural pre-eminence and to its future. 4. It requires remarkable engineering, continuity and ambition.</p>
18	<p>F 1. An achievement that prides human intelligence, brings glory to humanity. <del>This sort of big science is not everything.</del> 2. to be often deemed as something, often unfairly deemed as something 3. a unique gift, an exceptional ability 4. celebrated, famous science 5. to establish the same goal for everyone to work for</p>
19	<p>1. able 2. to accumulate 3. to outline 4. a wonder 5. <del>a plenty</del> an abundance</p>
20	<p>European countries, although often labelled as old and timid, are capable of creating admirable scientific instruments. Therefore, they are considered unique in such a marvellous ability to produce incredible tools and scientists, all of which contribute to the field of science immensely and bring glory to Europe as a place of great scientific achievement.</p>
