ТВОРЧЕСКОЕ ЗАДАНИЕ

While many say that Chat GPT and projects alike are leading to down fall of education and critical thinking, I hardly agree with that opinion.

Of course, such statements do not come out of nowhere. Many people, actual thousands upon thousands, have almost free access to the answers for any task given. However, it is not so optimistic. Chat GPT and other such projects may give answers, but they are often unprecise or too complex for, for example, a simple school essay.

The real purpose of such projects is to help teachers, ~~a~~ critical thinkers, creative people, and so on. ~~It~~^{they} offers a lot of help when it comes down to doing the donkey work of various projects. Moreover, ~~it~~^{they} can also help with generating new and innovative ideas for people to perfect and release them.

~~Over~~
