ТВОРЧЕСКОЕ ЗАДАНИЕ

Chat GPT is considered to be one of the best inventions in ^{the whole} our world. It helps us in many spheres of our life. Nowadays due to such inventions as Chat GPT the life became easier. For instance, people may use it in order to ~~discover~~ learn something new, it may help us to do our work more ~~accurately~~ precisely, also it may help us to get fun, for example, we can make a funny picture of a lovely animal. But, of course, Chat GPT has its disadvantages, and they are quite serious. ~~The downfall~~ It is claimed that the downfall of education and critical thinking is the main drawback and I agree with it. Chat GPT made our lives easier, ¹¹⁷ but ~~this is~~ there are serious consequences. Nowadays children don't train their brain and ~~not~~ memory, don't try to broaden their ¹³⁵ horizons and develop new skills. If they have to write an essay, they ask Chat GPT to do it, the same thing is with all other ¹⁶¹ tasks. Children don't study anymore, since they know that Chat GPT will do all their work, they don't develop, they only try to ¹⁸⁴ replace their own skills with Chat GPT and degrade severely. This may lead to the downfall of education and critical thinking, which is a huge problem.
