ТВОРЧЕСКОЕ ЗАДАНИЕ

Nowadays scientists are speculating, whether the humanity should establish a connection with aliens. What if they are hostile or cruel? Is it better to conceal our existence? These questions are yet to be answered collectively by scientists and politicians.

I am convinced that reaching other creatures in our universe is of paramount importance, as it is safer to have some knowledge and expectations of what, or who, we may encounter one day. However, those ^{we} ~~research~~ efforts should be apprehensive: the mankind is not aware of their possible reaction.

The positive side of this idea is that interplanetary ~~commu~~ communication would bring a great variety of novel opportunities. Space discoveries, an exchanging of scientific knowledge, joint projects between the humanity and aliens - all these would ~~star~~ signify the new era in the history of not only the mankind, but ~~the whole world~~.

It is worth highlighting that being ~~too obsessed~~ with obsessed with reaching aliens is a horrible idea, because they ~~may~~ might see it as a threat. Other planets' creatures might be perillous and eager to take advantage of ~~a~~ more vulnerable nation, just like it happened in Herbert Wells' novel. ~~While~~ establishing contact with aliens, people should be ^{extremely} as careful, as possible. The messages should be short, clear, ^{sent} and friendly, and friendly. We must take all the precautions to ensure that interplanetary communication does not transform into an interplanetary war.

Finally, contacting aliens ~~may~~ might bring both, improvements or deterioration. ~~The~~ under Our knowledge about aliens is still vague, that is why more research should be con-
