16	<p>1. <del>"... said Miss Meadows, but still in such a strange, stony tone..."</del>          "... who stood there bleeding to death, pierced to the heart..."          2. "I do hope it's nothing very serious"          3. "The older girls were crimson; some of the younger ones began to cry"          4. "Pay no attention to the letter, must have been mad, bought hat-stand today - Basil"</p>
17	<p>1. Basil wrote in his letter that their "marriage would be a mistake"          2. Because of the music Miss Meadows' mood became worse          3. Everyone was surprised to learn about Miss Meadows' engagement because she was thirty and Basil was twenty-five          4. "... the idea of settling down fills me with nothing but-";          "... but disgust"</p>
18	<p>1. going through the cold corridors          2. feelings were hurt          3. rude tone of speaking          4. to be excited          5. shout to <del>the</del> the girls</p>
19	<p>1. dark          2. whispering          3. run          4. scenery          5. relaxed</p>
20	<p>"Basil's betrayal"          I think this is the best title for this story because it is based on a letter where Basil wrote that he couldn't marry Miss Meadows due to some reasons. Miss Meadows loved him and thought a lot about their marriage while he just wrote the letter where he said that he wasn't a marrying man.</p>

ТВОРЧЕСКОЕ ЗАДАНИЕ

Chat GPT is one of the modern AI systems which helps a lot of students and pupils with their homeworks. Nevertheless, this development is quite controversial. Some people say that Chat GPT is good for us, other that it isn't. As for me, I think that this system is as good, as bad.

Firstly, Chat GPT gives us more free time due to the fact that it can write essays. Secondly, it can help in writing rhymes, songs, projects and works. Moreover, it works in different languages which is good for those who study more than one language.

As for the ~~the~~ drawbacks, Chat GPT may lead to the downfall of education and critical thinking. This AI system can write all what we want and do all what we asked it to do which means that not all people will study and get more knowledge about the world.

As far as I think, all inventions have two sides and will this invention be good or bad depends on us. My point of view is that Chat GPT is quite a good development if we don't use it all the time and do our homeworks, projects, works by ourselves.
