ТВОРЧЕСКОЕ ЗАДАНИЕ

Some people believe that there are intelligent life forms on other planets, ^{while} ~~and~~ some people do not. Those who believe think that we should send messages to contact them. In my opinion, it is a good idea ~~and~~ it should be done. /42

To begin with, by contacting other intelligent life forms we can expand our knowledge in different fields. This way people can learn a lot of new technologies and other things. Furthermore, people and other intelligent life forms can share their experience with each other. It can help us prevent many serious problems and conflicts. For instance, if other life forms tell us how to save our ecology or stop wars, we will be able to solve these problems. New technologies that we can learn ~~from Moreover~~ from other intelligent forms of life ~~if we contact them will be~~ will certainly make our life more comfortable and easier. /99

Moreover, this connection between us and other life forms can make us feel that we are not alone in this universe. People often feel lonely, thinking they are the only ~~one~~ existing intelligent life forms, but this communication can help us with this feeling. /45

In conclusion, contacting ~~and communicating~~ other intelligent life forms from other planets ^{can} have a lot of advantages and benefits for people. That is why it should be done. /26
