Вариант № 2

16	<p>1) But what could the thoughts of these creatures matter to someone [Miss Meadows] who stood here bleeding to death, pierced to the heart, to the heart by such a letter...</p> <p>2) the older girls were crimson</p> <p>3) 1. ... younger girls began to feel positively frightened. 2. ... some of younger ones began to cry</p> <p>4) "Pay no attention to letter, must have been mad, bought hat-stand today - Basil"...</p>
17	<p>1) Basil wrote had written that he Basil had changed his mind, he had decided not to marry Miss Meadows and had written about it in his letter.</p> <p>2) When Miss Meadows was in bad mood the music was dramatic, but when she became happy she opted for warm, joyful music.</p> <p>3) Miss Meadows was older than Basil. She was thirty, he was twenty-five.</p> <p>4) 1. On the wings of hope, of love, of joy, Miss Meadows sped back to the music hall... 2. And this time Miss Meadows' voice sounded over all the other voices - full, deep, glowing with expression.</p>
18	<p>1 - walked through the cold corridors</p> <p>2 - with her heart broken</p> <p>3 - a cold, dramatic tone a cold, a cold voice</p> <p>4 - to feel really frightened</p> <p>5 - yelled at her girls</p>
19	<p>1 - noise</p> <p>2 -</p> <p>3 - ran</p> <p>4 - corridor</p> <p>5 - sad</p>
20	<p>I want to suggest a title "Fast Changings" because Basil's intentions, Miss Meadows' mood and the music have changed rapidly. In addition, this title drops a hint that the story is rather short and it doesn't take a lot of time to read it. The title also shows that every action provokes its results in short time.</p>

ТВОРЧЕСКОЕ ЗАДАНИЕ

Chat GPT is a fast-developing technology. People are starting to use it ~~to solve different problems and~~ do multiple tasks. It isn't ^{unsurprisingly,} a secret that some people consider chat GPT to be harmful for education and critical thinking.

As for me, I'm not really opposed to such ~~tech~~ technologies. People never trust ~~new~~ inventions. It took a lot of time to accept TV or the Internet, but nowadays these technologies are an ^{integral} ~~integral~~ part of our lives. That's why I'm sure that people's attitude to chat GPT will become more positive later.

Getting to education and ~~thinking~~ thinking, chat GPT might be dangerous when it's used incorrectly. I mean that chat GPT ~~should~~ ^{may} be used as a learning tool, ~~an instrument to get some information~~ but only person person can analyse ~~the~~ ^{the} information. So, just rewriting data given by chat GPT is ~~senseless~~ ~~useless~~ it doesn't give ~~useless~~ useless, it doesn't teach a person anything and may even be wrong.

Overall, ~~for~~ if people ~~are~~ stop thinking and ~~to~~ decide that they don't need to study because they have chat GPT, it will ruin education. ~~But if people~~ Unless people analyse information, try to ~~get~~ delve into it, ~~find different scientific courses~~ ~~sources~~, chat GPT ~~may~~ ^{hurt} ~~reduce~~ their brainpower. The best way to prevent it is to teach ~~school and university~~ students ~~how~~ to work with information. It would develop their critical thinking skills and revive education.

To conclude, I think chat GPT ~~is useful and~~ will ^{influence} ~~affect~~ education ~~but~~ and critical thinking but ~~it's up to us whether~~ will this effect be advantageous or harmful is up to ~~us~~ us.
