ВАРИАНТ № 1

I think that most people have heard that in many parts of the world people are starving because there is not enough food to go around. World hunger is a problem that has been around for generations and ~~some~~ people have ~~tried to solve it~~ been trying to solve it for ~~years~~ years.

Not a lot of people know ~~but~~ ^{that} world hunger is caused by uneven distribution of food. In Europe, for example, there is too much food (which causes food ^{to be} wasted) and in some countries people are starving because there simply isn't enough food to go around.

I believe that ^{the} governments of the countries with too much food should make the effort to deal with food waste and loss ~~by whether that be by donating the extra food that would usually go to waste or by to the countries that don't have enough food to feed their people or by growing more crops and then donating them.~~ It is our duty, I think, to help those who need our help the most. My heart breaks when I think of the starving children, men and women. That is why

I want to help them. I suggest ~~to~~ starting a campaign and petitioning several major changes in the legislation of our country^{ies}. I hope that we can help the people who need it by gaining public attention. I think that the more people know about this problem, ~~the more~~ and join our campaign, the more we can get done. I believe that together we can solve world hunger and leave the world a better place.

Вариант № 1

16	1) "The humidity was throughout the long day had been exhausting and not even the air conditioning could cope entirely with the damp heat." 2) "Adele had been particularly trying", "constant demands of a fractious, unhappy woman", "Adele would not appreciate such sentiments." 3) "Rebecca swam strongly to where the water deepened... and turning on her back floated for a while."
17	1) Rebecca had been Adele's nurse for about 2 years. 2) Adele was in her late twenties when she first came to live on the island. 3) Rebecca considered the lagoon her sanctuary because she could relax and no one could bother her. 4) Adele was born with a heart complaint that had crippled her life and to some extent her mind. 5) Rebecca wanted to escape from an unhappy situation and travel far away.
18	1) the wind began to blow. 2) she expected something to be done, she thought that she was owed something. 3) she was ill and sick. 4) something was her personal sanctuary, somewhere where she could be alone and relax. 5) to face the challenges of her daily routine, to overcome the hardships.
19	1) difficult 2) different 3) sickly 4) frail 5) dying
20	I believe that the correct title for this story is "The story of a sickly woman and her nurse". At first the the title might sound boring and simple but I believe that it is an advantage because the title introduces the two main characters and gives the reader an idea of what what the story might be about.
