ВАРИАНТ № 3

We are living in the century of the technology. It is not a surprising fact that people have created AI. Nowadays, practically everyone at least once heard about it. AI really seems to be taking over the globe. There are several reasons for it.

Firstly, AI is a thing that makes people's lives easier. You can put a small effort to achieve something big by using AI.

Secondly, it is free or if it is not then very cheap. So, everyone can use it without any problems. There are so many features ~~over~~ that AI can ~~advertise~~, so people ^{are} excited by this fact.

Moreover, big companies, like Google or Apple ~~using~~ AI in their programmes. That's why nowadays everything is somehow connected with AI.

But, of course, it has a lot of disadvantages. One of them is that people started losing their jobs because of AI. ~~There are some delivery robots company.~~ People can not earn money for their life as AI is more productive and much cheaper than a person. And it is a big problem.

In my opinion, to solve problems caused by globalizing AI, Government can create laws that will provide people the guarantee ~~of~~ for their work. ~~Also we can create an anti-AI organisations that will help people with this problems.~~ ^{want}

In conclusion, I ~~would like~~ to say that AI
