ТВОРЧЕСКОЕ ЗАДАНИЕ (лист 1)

ВАРИАНТ № 3

Artificial Intelligence is spoken about all over the world. It's said that soon it will substitute ~~at~~ almost all jobs and leave millions of people unemployed. However, it's the humanity who is responsible for such problems. The main cause of the AI's popularity is the idle human nature. ~~People created AI because~~ AI is used widely because it allows people to think less. People who tried completing their tasks with the help of AI are highly likely to do it again because it decreases the complexity of doing pretty much anything.

Actually, I think that AI can be helpful but it ~~can~~ will never be able to really substitute a person. The thing that people don't seem to notice is that the quality of something done by the AI is lower than of the same thing done by a living creature — a human. What's more, some professions

~~I suggest that we should enlighten people that AI can't~~ should act as a helper, not as a complete substitute a human's helper, not as a complete substitute. What's more, there are require uniquely human qualities: creativity, empathy. Artificial Intelligence can't substitute an actor, a musician or a teacher.

I suggest that the government should enlighten people that AI should act as a human's helper, not as a complete substitute. Furthermore, the
