Nowadays computer-based learning has become very popular way of education. Despite having a lot of advantages, ~~it is not perfect~~ ~~it is not perfect~~ ~~it is not perfect~~ ~~it is not perfect~~ ~~it is not perfect~~ it still has some f.laws. ~~It is not~~ live contact with a teacher can make it easier to understand the material. ~~Therefore~~ You can ~~also~~ ask teachers again, if something is not clear for you. But computers have only one way to tell a material.
