Nowadays there are a lot ~~of~~ problems that can arise with the food consumption. In ~~many~~ ^{many} parts of the world people are starving, while ~~the~~ in some places others can ^{possibly} throw away goods they don't need anymore. But what can cause such a horrible situation? In my opinion, such factors as the country's economy, food waste policy can lead to ~~the~~ starvation in some regions. It is important to speak about this problem loudly. We should not be sitting on the fence and waiting, ~~and~~ in the meantime children are starving to death. I suggest such solutions as worldwide anti-food waste campaigns and legislation that must be promoted. Also donations and food packages to the poor countries might be helpful. Public figures should bring attention to the problem and make it go viral. This would help to make more people aware of environmental problems and encourage them not to waste food and be mindful. In addition, major changes in country's economy and legislation must be made. All ~~not~~ governmental organizations should unite and discuss these changes. ~~Only~~ Some of these actions may seem quite radical but I believe that this is the only way to the efficient solution of ~~this~~ ~~this~~ this particular problem. ~~We must~~ ~~deal~~ We must deal with it immediately.

Вариант № 1

16	1) The humidity throughout the long day had been exhausting and not even the air conditioning could cope entirely with the damp heat. 2) Rebecca emerged from her patient's room and closed the door thankfully. Adele had been particularly trying... pretend the day ahead of her would not be filled with the constant demands of a fractious, unhappy woman. 3) Rebecca swam strongly out to where the water deepened to dappled green and turning on to her back floated for a while
17	1) Rebecca had been Adele's nurse for eight years. 2) Adele was in her twenties. 3) There she could relax and enjoy the solitude, escaping all the hustle and bustle. 4) Adele was born with a heart complaint that had crippled her life. 5) Rebecca wanted to escape from an unhappy situation. She saw Adele's advertisement and came to replace the previous nurse.
18	1) feeling of a light ^{fresh} wind blowing 2) as her duty 3) an illness that ^{to some extent} affects mind 4) place, where person can be alone and enjoy the peace without anyone disturbing him/her. 5) to return to the daily routine, starting the day
19	1) irritating 2) hostile 3) demanding demanding 4) weak 5) dying
20	For this story I suggest the title Unbearable Heart "A Short Escape to The Tranquil Heaven". This title highlights the the moment when Rebecca can relax and enjoy the morning peacefully. an However, this does not last long as she must return to work and face the unbearable heart of the day and demanding nature of her patient.
