Вариант № 1

	a)	b)	c)	d)	e)
1	2	4	4	6	5
2	2	3	2	1	1
3	4	1	1	2	2
4	2	4	1	1	2

5	Computer based learning had been around for over thun ten years. There are websites, youtube videos, tv programmes, nowadays there are a lot of apps for learning new things. But the biggest benefit of computer based learning is that you decide what material do you want to learn and how long you want to study. With the new AI technologies you can learn best ways to do something. You also decide whether you want

Вариант № 1

16	1 False. Many are dishearted by the lack of substantial measures from global leaders. 2 False. This is shared experience, you are not alone. 3 They risk framing individual distress rather than acknowledging our connection... - True. 4 True. Asking "What has happened to you?" - False. 5 True. Social power dynamics also influence whether individuals feel heard. 6 True. Climate distress requires system.
17	1 The visible effects are floods, heatwaves, hurricanes. 2 Many are dishearted and feel anxiety. 3 The study revealed emotions such as guilt, alienation, despair and anger. 4 It influences whether individuals feel heard or marginalized by negative media. 5 It helps manage overwhelming emotions and protect loved ones.
18	1 to stop changes of life 2 the current opinion of mass of people 3 trauma that affected a group of people 4 changes that can help save our planet from ecological problems 5 to take care of yourself
19	1 evolving 2 disappointed 3 to part out of something 4 dissociation 5 to be more motivate
20	Many natural disasters are caused by climate changes and people feel dishearted about lack of actions. They develop climate anxiety. There's a method that helps to manage this feelings and deal with problems, called PTM F. People developed a collective trauma, that is why they unite to empower themselves. But the problem requires systematic changes in government.
