Technological development, ~~a~~ economical and social progresses have drastically influenced the lives of modern people. Nowadays human beings' life conditions are rather comfortable. A great variety of goods is available and quite affordable. That is why many people are not in need.

However, the life in comfort has led to a concerning tendency. People have started to lose value of the products they buy. A lot of food is being wasted these days. It happens due to ~~the~~^{an} increase in an income of modern workers. The possibility to afford a wide range of products ~~of different quality~~ has led to ^{made} a decrease ~~in the value~~^{products less valuable} of the products. Humans do not struggle with getting food anymore. They are confident they will be able to purchase the goods and that there will be a needed amount of food in ~~the~~^a store or a restaurant. That is why much food is wasted. An absence of fear of famine has influenced food wastage.

Nevertheless, it is crucial to reduce the amount of food we throw away. To start with, social awareness about the negative impact of food ~~or product~~ wastage should be raised. It can be done ~~with the help of~~^{with the help of} ~~radio~~ broadcasting. To
