

Евразийская лингвистическая олимпиада
Заключительный тур 2024-2025

Талон ответов

Шифр А29303-2

Заполняется Оргкомитетом олимпиады

АУДИРОВАНИЕ

9 класс

Вариант № 1

	a)	b)	c)	d)	e)
1	3	2	1	6	7
2	2	3	1	1	2
3	4	1	1	2	3
4	2	4	1	3	2

5	The biggest advantage of learning with a help of new technologies is having a computer do all the unnecessary things for you. Nowadays, AI can read, analyze, summarize and teach you only information needed. It can create a learning plan for you and remind you about it. It all makes studying faster and easier.

Вариант № 1

16	1. F (False). 3) "... the lack of substantial measures from global leaders..." 2. F (False). 14) "Acknowledging climate change as a collective trauma..." 3. F (False). 8) "... (PTMF) offers a different approach... asking "What has happened to you?" instead of "What is wrong with you?" 4. T (True). 11) "Social power dynamics also influence whether individuals feel heard..." 5. T (True). 18) "Addressing climate distress requires systemic changes from governments and powerful entities..."
17	1. The visible effects of climate change are severe floods, hurricanes and heatwaves. 2. Almost half of young people suffer daily disruptions due to climate concerns. In the UK most of them fear for the future, and half of them are feel unheard. 3. The PTMF-informed study revealed common emotions such as guilt, alienation, despair and anger, all valid reactions to the situation's gravity and societal dismissal. 4. Community can create spaces to process individual's emotions.
18	1. to do something so that the environmental situation doesn't get worse. 2. the influence of the society 3. negative feelings that are common for the majority of people 4. changes that help our environment 5. to engage in personally meaningful actions that help you feel better about yourself.
19	
20	Nowadays, a lot of people feel worried about the future due to the climate crisis and lack of substantial measures from global leaders. Recent PTMF-informed research revealed that guilt, alienation and similar negative emotions are common reactions to situation's gravity and societal dismissal. They say it is important to acknowledge climate change as a collective trauma →
