ВАРИАНТ № 3

In our modern world AI technologies seem to spread all over the globe and are in almost every possible field of profession. But why is it so? What can we do to ~~manag~~ manage this takeover?

The process of technological development is inevitable and neverending. ~~The~~ AI became easier to use by common citizens, and with the help of the Internet it gained massive recognition. Also AI is not hard to train and does not require payment for its services, so corporations abuse such opportunity and replace human workers with AI, stimulating other companies to do the same.

The situation we have to face is complex, thus the solutions of it must acknowledge modern socio-political and economical climates, ethics, and IT development. I suggest creating an international ethical system, that would concern the issues of AI theft and ethical use of AI. Moreover, the corporations ~~sh~~ should implement strict policies towards workers' rights, ~~the~~ employment in favour of human ~~workers~~ workers and limitations of AI use in ~~production the process~~ the process of the production and marketing.

It is not certain how AI can influence our life in the future. It grants us with opportunities that come with drawbacks we have to manage. So the solutions mentioned above must be implemented into reality to make our world a better place to live in.

Вариант № 3

16	1) The butler closed the door behind them and ushered her into a dark foyer. He led her into a parlor every bit as gloomy as the foyer. 2) It's a shame to let a lovely house like that just die, Miss Nicholson. It's a bit of a wreck, but it has good bones. 3) A mere fraction of what it was worth.
17	1) Sentence № 7 2) She thought so because the tea roses in the backyard would make the tearoom unique and attract visitors. 3) Sentence № 23 4) Sentence № 48 5) Miss Nicholson and Fiona share an unfortunate love experience and that made her change her mind.
18	1) a sweet old lady 2) compliment the place 3) to feel sympathy for someone 4) persuading her 5) played with her feelings
19	1) fiance 2) intence 3) destroy 4) 5) part
20	I suggest the title 'Roses in the backyard'. I chose it because the building the main character wants to rent has tea roses in the backyard. The 'roses' in the title symbolize love and Miss Nicholson's last act of kindness, while 'the backyard' is a symbol of the past and the memories of love, which Miss Nicholson and Fiona have an unfortunate experience with.
