Вариант № 1

	a)	b)	c)	d)	e)
1	3	5	1	6	7
2	3	1	2	2	1
3	3	1	1	3	4
4	2	4	1	3	1

5	the biggest benefit of computer-based learning is its adaptability. The technologies are quick to progress ^{nowadays} nowadays and can entirely revolutionise the education sphere. With adaptive algorithms to optimise the learning process the students are guaranteed to have the the learning process be suitable for them. the development goes so far that there was a project that makes AI create a precise and ever-evolving map of a person's abilities which lets us have a deeper insight into their status. These This benefit is what makes computer-based education superior.
