ТВОРЧЕСКОЕ ЗАДАНИЕ (лист 2)

ВАРИАНТ № 1

There are many things that cause unequal distribution of food. Firstly, it's a bad economical situation in the country. For example, many countries in Africa are poor, hence there is a lot of starving people. The most effective solution to this problem is helping such countries out by volunteering or sponsoring their farms. Secondly, it's bad working conditions. People are greedy, and their greed leads them to trying to concentrate as much money as they can in their two hands. Because of that, many employees aren't paid enough, and they can't buy enough food for themselves and their families. To solve this problem, people all over the world should establish firm laws about employment. Thirdly, it's environmental problem. Every country is situated in its own climate, and sometimes it's unable to grow animals and edible plants there, so there is just not enough food for everyone. Or sometimes hunger is caused by tragedies. For example, four hundreds years ago, ~~sun~~ a volcano explosion produced so much smoke that it covered the sun completely, and that lead to people starving all over the world. To avoid repeating such tragedies, people should improve technologies and way of life.

To sum up, there is a lot of problems we need to solve, and we should work together

18	1) breeze picked up 2) as she stood should 3) sickness 4) a place where you relax completely 5) to start the day
19	1) demanding 2) cold 3) grumpy 4) sickly 5) fairing
20	I suggest the title "Life on the island". I think that this title is appropriate because the in the text there is an describes routine of two characters: Adele and Rebecca. Their life is unique: not many people live on island in personal villa. Also, There is also description of the relationship between them, and this title perfectly characterizes the text.
