Nowadays the issue of food wasting is becoming even more apparent and bigger than ever before. Why do people continue wasting food and what can be done to drastically reduce the amount of wasted food? I will try to answer these questions ~~right~~ in this text.

In my opinion, the most food gets wasted either because it didn't meet quality standards, or because of an abundance of food that some people have, all that food eventually goes bad. There are, of course, other various reasons for this, but I have decided to pick these as the main ones. So what can we do to prevent this from happening? The answer is a lot simpler than you think it is. People should start shopping, purchasing products in general, more carefully. This method will make sure you avoid anything you don't want, so other people can eat it instead. ~~at home~~. And people with lots of food that they cannot eat by themselves can donate some to a charity or their choosing or a homeless shelter. If you are a food hoarder, this is the best thing you can do, it helps out the people in need a lot.

Wasting food is an issue that can be easily solved, so that is why you need to start utilizing food properly today.

16	1) Those who could pay pay, did. Those who could not brought her butter and cheese, fish, tortillas, eggs, and fiery pepper sauce. 2) Rumor had it the speculator had gone bankrupt and that the doctor had bought the land from him. Some said she had money of her own and would build a great mansion, but so far, she'd been content to live in the old clapboard farmhouse. 3) He was still standing on the pavement as they pulled away and he could hear Mr. Baxter say, "This is just like the fairy stories you used to tell me. A long time ago."
17	1) Every single evening Mrs. Baxter and her daughter would come to the Point Reyes train station, waiting for Mr. Baxter to eventually arrive. 2) Mr. Ramos would have to admit that the hard and simple things of life - love, hope, faith were foolish and useless. 3) Mr. Baxter was a "thin, haggard man". He was handsome. Despite requiring a cane to move around, he managed to bend down to give a kiss to his own daughter.
18	1) a very good piece of land 2) took care of her patients 3) when dusk came 4) didn't result in anything 5) very snuggly snugly feel the doctor's neck with his face
19	1) notice 2) portion 3) to cheer up 4) fragile fragile 5) to see off
20	If it were up to me, I would call this story "Baxter". It works well because "Baxter" could initially refer to the doctor, Mrs. Baxter, as she is one of the main characters, but with the reveal of Mr. Baxter the title starts making even more sense, which I personally adore very much.
