ВАРИАНТ № 1

Hunger is one of the worst global problems, which destroy our world. Nowadays people continue to suffer from it, especially small towns and countries. Areas like these ~~can't~~ ^{can't} ^{not} solve it ~~for~~ by themselves, so they need in our help.

The main reason for lack of food is poverty. Adolescents and kids die because of the bad economic situation, ^{and that} government does not pay much attention to people's lives. No one can let buy food or even water due to the small payment and big troubles with searching the work.^{so} Also many poor families start eating some grass or ground to survive, but it ~~is~~ ~~it~~ kills them too.

Consequently, one practical solution to this serious problem is donating. If people spend their money on something unuseful, it will be better to send them to poor countries. It will save ~~some~~ some small communities and help them with regaining popularity. ~~As~~ ^{so} As far as I know, there are a lot of good people, who cook different dishes for African kids and help them to survive in these terrible conditions.

All in all,^{is} I trully believe that hunger would be ~~was~~ won and humanity start ~~to~~ help people, who are in a danger. Our world will become better with each donation and piece of attention to this problem.
