ВАРИАНТ № 3

The development of AI
We live in the 21st century, in the world of fast-progressing technologies. AI has recently become one of the most vital aspects of our life.

AI is indeed taking over the globe and the main cause of this is humankind's ~~unability~~ inability to outperform artificial intelligence on a certain matter. Thereby, our generation stopped trying to develop themselves, as AI can do everything they cannot. They are just too dependant on it. That is why we need to decrease the usage of AI by teenagers, so they try to solve complex issues by themselves, their brains will ~~&~~ carry on developing and those "impossible" tasks will become amusingly easy. Also kids believe that AI can solve problems more efficiently than they do. But, in fact, it is false. Artificial intelligence is unable to deal with any mathematical tasks. So there is always hope and that is why adults must try to persuade kids to use their brains as much as they can for us not to become the slaves of our own creature. I believe that teenagers should be provided with as much

as possible for AI not to take over
the globe.

To sum up everything I have just
said, we should not be too dependant
on AI and try to solve issues by
ourselves.

20	Miss Nicholson's Gramercy Park house. I have chosen this title because I strongly believe that it is connected with the main theme of the text, gives a quite brief description of the main narrative and, in general, suits it the best. It also corresponds with the style of the text and its primary ideas.
